Stow-Away™

A Compact, Fully Powered Transfer Seat Outside Your Vehicle!

Why give up the features of your factory seat and accept reduced space in your pickup cab when you don't have to?

The innovative Stow-Away™ gets you into and out of your truck or large SUV quickly and easily. Mounted under the vehicle in a sealed container, this remarkable and rugged power transfer seat is protected from the elements and delivers smooth, dependable performance every time. Simply hit a button and the seat will greet you at the right height. Once on, enjoy the smooth ride to the top... Get in, stow the seat and away you go!

Live Life Your Way!

Get in and out of your truck with style.

Ford Ranger

Whether You're On The Town...

GMC Sierra

Chevy Silverado

In The Great Outdoors...

Ford F-150

On The Job...

Dodge Ram

Or On Vacation...

The Stow-Away Is Stylishly Out Of View.

As easy as...

1 The Stow-Away “hides” under the vehicle in a sealed container...

2 ... by simply pushing a single button, the drawer opens and the seat raises up to the transfer height that is perfect for you...

3 ... once you are on the seat, pressing the same button raises you to the optimal height for getting into the vehicle!

Your truck interior is not affected one bit!

GMC Sierra

Factory seats, seat recline, fore/aft, heat/cool, backseat room... **Nothing has Changed!**

Keep all the space and features of your vehicle!

Standard Features

Sealed, e-coated and powder coated for harsh environments – splash guard standard

Removable Safety Handle – provides stability while riding seat, managing wheelchair and can aid in transferring

Hand-held Pendant Controls – one button for ease of operation

Seat Pad – easily removable for washing or replacement

Optional Features

(all options must be removed to stow seat)

Taller Seat Pad – provides extra height when transferring

Standard Seat Pad (shown for reference) – can be replaced with the Transfer Plate

Transfer Plate (padded) – Helps bridge the gap between Stow-Away seat and vehicle seat
